IB Diploma
GPA: 4.25/4.30 (Points: 44/45)

SINGAPORE

AUG 2019–AUG 2023

Professional Experience

MILLENNIUM MANAGEMENT

Quant Trading Intern, Convertible & Credit Arb (Return Offer)

NEW YORK, NY

JUN 2026–AUG 2026

- Automated net delta, risk, and exposure tracking across portfolio, from weekly to now intraday (<5 min), to inform convert hedging & sizing; app also manages and reflects convert input assumptions/shocks changes live (in production).
- Researched & developed suite of 7 live screens for credit arb opportunities (capital structure, basis, relative value, index) across selected universe, with intraday alerts (in production) and skeleton for full systematic execution.
- Built pricing/fair value models for arb & trade package sizing with revived components from a 2010s credit desk.
- Automated MO+live P&L scraping & research (exposure regression, cross book & strategy, attribution analysis).

MILLENNIUM MANAGEMENT

Trading Intern, FICC (Return)

SINGAPORE

JUN 2025–SEP 2025

- Returned to macro pod to backtest & develop FX Vol, FX carry, IRS strategies & FX monitors.
- Implemented prior research as live models (email alerts/automated trades); extended live CTA-style strategies to IR swaps (achieved $\approx \$0.5m$ on \$1k DV01 historically).
- Created systematic FX Vol trading strategy with dynamic hedging; achieving materially improved drawdown control over standard hedging (daily delta neutralizing).
- Designed vol-based risk management for FX carry basket; $\approx 2x$ returns by identifying shocks.

EARLY EXPERIENCE

- MILLENNIUM MANAGEMENT:** Created CTA-style systematic strategies (adaptive drawdown/sizing), presented to PMs (in production).
- BLUECREST CAPITAL:** Collaborated with PMs to create FX Vol signals & trading alert tools.

SINGAPORE

JUN 2024–SEP 2024

JUN 2023–AUG 2023

Leadership & Community

PASSION TO SERVE *Founder (Non-Profit)*

- Founded non-profit organization to tackle inequality in education; supported over 18,000 beneficiaries (children; migrant and domestic workers).
- Built team of 300 volunteers; secured over \$160,000 in-kind funding; partnered with eight NGOs, Singapore's Ministry of Manpower, and asset management firm.

SINGAPORE

MAY 2020–MAY 2026

UCHICAGO NEIGHBORHOOD SCHOOLS *MTM Tutor*

- Oversaw STEM tutoring of K-12 students in under-served schools in South Side Chicago; coordinated between families, tutees, and UChicago.
- Provided 1:1 education for high school seniors in AP Calculus; focus on building intuition and structured weekly plans.

UNIV. OF CHICAGO

OCT 2023–PRESENT

Technical Skills

Programming: Python (NumPy/Pandas/SciPy), C++, R, Bloomberg/BLPAPI, Airflow, LaTeX, Unix Scripting

Systematic Trading & Tools: Backtesting/Cross-Validation, Factor Research, Systematic/Production Algos, Live Risk, Screeners, Auto Hedging

Quant Methods: Time Series, Convex Optimization, Genetic Algorithms, Machine Learning, Linear Algebra
